

Safety Data Sheet

Page: 1/2

1. Identification of the substance/preparation and the company / undertaking.

Identification of the article:

Positive Thermal CTP Plate

Manufacturer/Supplier:

Chengdu Xingraphics Co., Ltd

Xindu Instrustrial developing zone,

Chengdu, Sichuan Province, China

Tel: +86-28-8396 8355

Fax: +86-28-8396 5355

2. Compositional information

Aluminum according AA 1050

3. Hazardous identification

It is not hazardous

4. First aid measures

N. A.

5. Fire-fighting measures

Compatible with all common extinguishing media

6. Accidental release measures

N.A.

7. Handling and storage

Handling: Take care not to scratch it.

Storage: Unopened plate should be stored flat and away from excessive cold, heat or humidity at 5 to 30°C

8. Exposure controls / personal protection

It is not necessary in normal use conditions, nevertheless during the manipulation it could be advisable to use gloves in order not to be cut with the plates.

Safety Data Sheet

Page: 2/2

9. Physical and chemical Properties

Form: Solid

PH: Neutral

Flash Point: Non flammable

Solubility: Expose to IR light, the emulsion is soluble in alkaline aqueous solutions.

10. Stability and reactivity.

Stable

11. Toxocological information

N.A.

12. Ecological information

N.A.

13. Disposal consideration

The aluminum plates are solid and their residues do not suppose any risk for the environment. Eliminates following local disposition.

14. Transport type

This product is not classified as dangerous by the transport regulation

15. Regulatory information

N.A.

16. Additional information

Production Date:

Exp. Date:
